1. World Curling Federation (WCF) rules apply, unless otherwise indicated below or explained at the Team Meeting (08:00, Friday, 15 April).
2. The Senior Women (17 teams) are in two groups and each group plays a round robin. At the end of the round robins there will be a ranking for 1st, 2nd and 3rd position in each group. The 1st ranked teams advance to the semi-finals, while WA2 will play VB3 and WA3 will play VB2 to determine the last teams in the semi-finals. The opponents in the semi-finals will be selected on the basis of not having teams from the same group compete against each other. If necessary, the opponents will be determined by a "draw from the hat" (random selection) at the post round robin team meetings. The winners of the semi-finals play in the Gold medal game and the losers of the semi-finals play in the Bronze medal game.

3. The Senior Men (27 teams) are in three groups. Each group plays a round robin. At the end of the round robins there will be a ranking for 1st, 2nd and 3rd position in each group. The 1st and 2nd ranked teams qualify directly for the 1/4 finals, as well as the 3rd ranked team with the best DSC result. The other two 3rd ranked teams play a qualification game to decide the last team entered into the 1/4 finals.

The playoff match-up for the 1/4 finals will be:

(Game 1) 1st best DSC of the 1st ranked teams v to be determined* from the 4 other qualified teams

(Game 2) 2nd best DSC of the 1st ranked teams v to be determined* from the 4 other qualified teams

(Game 3) 3rd best DSC of the 1st ranked teams v to be determined* from the 4 other qualified teams

(Game 4) 1st best DSC of the 2nd ranked teams v to be determined* from the 4 other qualified teams

Semi-finals: winners of the 1/4 finals; opponents to be determined*

* to be determined - opponents will be selected on the basis of not having teams from the same group compete against each other. If necessary, the opponents will be determined by a "draw from the hat" (random selection) at the post round robin team meetings.

Losers of the semi-finals play in the Bronze Medal game.

Winners of the semi-finals play in the Gold Medal game.

4. All games will be eight (8) ends, with extra end(s) to break tied games.

5. There will be a thirteen (13) minute practice for each team before every game. The practice starts 30 minutes before the scheduled game time. The team with dark stones practices first, except Women VVB (pink) in their first game (Friday) where a coin toss will determine which team practices first. This additional pre-game training time is instead of the pre-event training day and should allow teams to study their game-sheet and stones.

6. At the conclusion of the team's pre-game practice, two different players deliver stones to the tee at the home end; the first stone with a clockwise rotation and the second stone with a counter-clockwise rotation. The distances are combined to determine the LSD for that game. The team with the lesser Last Stone Draw (LSD) distance has the choice of delivering first or second stone in the first end. If the LSD totals for both teams are the same, the individual LSD stones are compared and the best non-equal LSD has the choice of delivering first or second stone in the first end. When both teams have the exact same individual LSD stone distances, a coin toss will be used to determine that choice.

7. First named team in each draw plays stones with dark coloured handles, and should wear dark coloured upper playing garments. Note: red is considered a dark colour. Second named teams in each draw play the stones with the light coloured handles and should wear light coloured upper playing garments.

8. The Chief Umpire will determine the ice and other game details for all post round robin games as soon as the opponents have been determined.

9. **NOTE:** There will be only one round of tie-breaker games. This schedule allows the possibility for three teams to qualify for the playoffs from the same group and it is possible for all three to win medals. This is in case the best three teams have all been placed in the same group by using the mandatory format for determining the groups.
