The superscript "¹" indicates the team with the first pre-game practice session. For the first games in the Mixed Team, the teams will toss a coin to decide first and second practice. At the conclusion of the team's pre-game practice two players deliver one stone each to the tee at the home end. The distances recorded for each stone are added together to give the team its LSD total. The team with the lesser LSD total has the choice of delivering the first or second stone in the first end.

The first named teams in each draw play the stones with the dark coloured handles, and wear dark coloured upper playing garments. The second named teams in each draw play the stones with the light coloured handles, and wear light coloured upper playing garments.

Note:

The Draw Shot Challenge (DSC) is the average distance of all the individual Last Stone Draw (LSD) stones, which were delivered by a team during the round robin. The two least favourable results will be eliminated before calculating the average distance. The team with the lesser DSC receives the higher ranking. If the DSCs are equal then the team with the best non-equal counting LSD receives the higher ranking. In the case where all counting LSDs are equal the team ranked higher in the WCF Qualification Rankings is ranked higher.

Note:

Please check the official website for more details and the latest updates.

For all games in the Mixed Doubles, the teams will toss a coin to decide first and second practice. At the conclusion of the team's pre-game practice, both players deliver one stone each to the tee at the home end. The distances recorded for each stone are added together to give the team its LSD total. The team with the lesser LSD total has the choice of delivering the first or second stone in the first end. The first named teams in Round of 32 and Round of 16 play the stones with the dark coloured handles, and wear dark coloured upper playing garments. The second named teams in these two rounds play the stones with the light coloured handles, and wear light coloured upper playing garments. Starting from Quarter-finals the regular WCF play-off procedures apply to determine stone colours and pre-game practice.

Mixed Doubles Event: Did Not Start (DNS) Policy

Summary:

At the conclusion of the regular Mixed event, the teams receive a final ranking, which has them ranked from 1 to 16. This final ranking and the player position on the original team line-up is used to form the 32 teams for the Mixed Doubles event. It is arranged so that players are never from the same NOC. This allows all players to curl with a teammate from a different NOC, thereby making new friends and learning other cultures.

Every player is used to form these 32 teams. If a player(s) is injured or ill and cannot play, that would mean another athlete is without a partner and could not participate in the Mixed Doubles event. The following policy is intended to prevent that from happening:

Mixed Doubles Did Not Start Policy:

- a) Since the Mixed Doubles event is a single elimination tournament, athletes are eliminated after each round. Using a random selection process, these eliminated players would be allowed to rejoin the event, and would be partnered with an athlete that does not have a partner. The selection would be done in such a way that it would ensure that athletes from the same NOCs are not paired together on the same team.
- b) The policy would only be used during the first rounds of play (Round of 32), so every individual at least gets the opportunity to start in the event.
- c) If this policy needs to be applied in the very first round, individuals from the same NOC might have to be switched to a different team to allow play to get underway.
